

Dear Sr Anne

Just wanted to say thank you for the beautiful graduation concert this morning. All the parents were beaming with pride seeing their children up on stage. Cameras were clicking continuously to capture the moments. Kudos to the Ms Chua and all the teachers for the great effort.

How time flies.. It has been 3 years already and our little darlings are moving on to their next stage of lives. I'm so happy with what Maris Stella has taught and prepared them in their foundation years. Most importantly, the values it has imparted. I remember that my son's Nursery teacher, Ms Wheatley even came up with her 10 commandments, of which 1 was to listen to the parents. How ingenious! And the children have come to know God and could even recite Our Father in Chinese!

All these would not have been made possible, if not for the very passionate and loving teachers that you have. So here's to reaffirm the good work that the school has done and our heartfelt thanks to you and all the teachers. Thanks for everything and may God continue to bless the school!

Cheers,
Marie, Mummy of Zachary Chan (Carnation AM)
